**7. Please comment on any aspect of this recitation.**

---

302742. The handouts were fantastic.

---

302725. Handouts were awesome and homework feedback comprehensive

---

302744. The weekly email regarding the comments on the homework, as well as the grading and comments on all the non-graded homework questions are very helpful.

---

302730. Hardest working TA in the business. Enthusiastic, helpful, dedicated. Would recommend. That being said, a 8:30pm recitation is a g@damn abomination. That time should never have been scheduled. I go to recitation as a rule, but I'm a married graduate student working on research and classes, and I live off campus. That time was simply not workable but was the only one available for me. Not a fan.
